MEMBERSHIPS

Seed Savers Exchange (SSE) is a non-profit organization dedicated to the preservation of heirloom vegetables and fruits. SSE's members receive four publications each year, including the *Spring, Summer* and *Harvest Editions*, containing articles about historic gardening, Heritage Farm's projects, heirloom plant profiles, and much more. *Seed Savers Yearbook* offers access to 13,000 rare varieties offered by SSE's members. Membership fees provide vital support for SSE's genetic preservation projects at Heritage Farm, where many thousands of heirloom vegetable varieties are being maintained. **Plus, SSE members receive a 10% discount on catalog, website and Visitors Center purchases.**

Flower and Herb Exchange (FHE) membership consists of one annual publication, mailed in February, which offers access to more than 1,000 varieties of old-time flowers and herbs being offered by FHE's members. Many of these flowers and herbs are true heirlooms that have never been available through seed catalogs, always passed down from generation to generation within families. FHE's members are recreating the garden landscapes of the past by reintroducing many of the same plants that bloomed in our grandparents' gardens.
